# Certified Supplies for Artista® CR805 Retransfer Printer

## Ensure Peak Performance

The Artista CR805 Retransfer Printer features specialized print ribbons, retransfer film, laminates, and other supplies, all specifically designed for optimal performance combined with our Entrust RFID technology. When the printer recognizes that Entrust Certified Supplies are installed, all enhanced product features are enabled and successful card printing can begin.

We engineer superior performance and reliability into every system-matched supply item we offer. For you, that means smooth printing, brilliant image quality, high security, and exceptional performance. Worldwide representation creates a fast, direct connection with the supplies you need, when and where you need them. To ensure you are using Entrust Certified Supplies, look for ribbons that feature our distinctive blue cores with platinum flecks.®

Artista CR805 card printer ribbon kits include all necessary cleaning supplies for the CR805 card printer's daily operations. Each kit includes one ribbon, one isopropanol cleaning card, one cleaning lapping stick, one cleaning swab, and one adhesive cleaning sleeve. Additional cleaning products can be ordered separately.

ITEM NUMBER	DESCRIPTION	YIELD

**C - Cyan M = Magenta Y = Yellow K = Black P = Primer F = UV fluorescent I = Inhibitor**

Primer panel is needed to adhere images to all card types.

Inhibitor panel is used for mag stripe or signature panels.

\*Primerless color ribbons and retransfer film available exclusively for the access control and government markets. Requires Firmware R4.10.2-13 (or higher). Unique formulation requires primerless color ribbons to be used in conjunction with retransfer film formulated for primerless ribbons. (513107-xxx color ribbons to be used with 513157-xxx retransfer film.) For use with PVC cards. Use with polycarbonate (PC) cards not recommended and requires testing.

\*\*Color ribbons with a primer panel to be used in conjunction with retransfer film formulated for color ribbons with primer panel. (513382-xxx color ribbons to be used with 513402-xxx retransfer film.)

Ensuring the right fit when it comes to card life expectations is critical. The Artista CR805 has simple solutions to easily increase card durability for your programs and stand up to life's demands.

- Standalone printers can extend card durability simply by applying a second layer of the retransfer film during printing application
- Printers with the inline lamination module include optimal card durability application capabilities utilizing lamination supplies

With Entrust solutions and our industry expertise on your side, you can print quality, vibrant, lasting cards.
